

QUANTAR MAGIC!

The Quantar, Alternative Digital Currency,
Powers the Quantar Trading Market,
through Cyclos Banking Software.

‘Barter, for Smart Peasants!’

‘Gold is the money for kings, silver the money for merchants,
barter the money for peasants, and debt, the money for slaves!’

Each \$AUD16 annual Quantar subscription, with every renewal, includes 500 Quantars, as seed funds, for our trading accounts.

Quantars are valued at one Australian dollar, so the subscription fee is leveraged, by 3125%!

Quantar seeks the first 1000 people, to participate in a free trial.

Simply send your name, email address, preferred login name, and chosen password, to infoq@theq1oz.org, for a personal account, preloaded, with 500 complimentary Quantars.

(Trial participants, 12 years of age, minimum.)

When Quantar eventually goes 'Live', and you wish to continue, with paid subscriptions, then your final, free account balance, will be transferred to your new account, plus 500 subscription Quantars.

Welcome to Quantar, TheQ! currency, and trading freedom!
